

# LIMBOT

**LIMBOT includes all the latest technologies available in the Humanoids field (16 DOF, proximity sensors, sound sensors, USB connectivity and Android App for remote control)**

<b>LIMBOT Features</b>	Actuators SAM-3 offering a twist 3kgf.cm and impressive speed
	Joint mounting system for easy installation and reliable
	Wireless remote control: IR + Bluetooth
	32bit microcontroller with proximity sensors and sound sensors
	USB interface to load movements with the aid of the dedicated software
	Android App to control Wireless
	Stores up to 21 movements
	Long battery life
<b>Packaging</b>	1 x Controller Box Smart 32bit
	16 x Actuators SAM-3
	1 x Battery Set
	1 x Proximity Sensor
	1 x Sound sensor
	1 x IR remote control
	1 x Set of rivets
	1 x Set of joints
	1 x Set of parts of the body
	1 x USB-Serial
	1 x 220V adapter
	1 x Communication board
1 x Bluetooth Module
